Empowering Communities.
Transforming Lives.
At Glasswing, we believe that every person has both the potential and the right to thrive, no matter what adversity they face.
Our mission is to address the root causes and consequences of violence and poverty through education and health programs that empower youth, mobilize communities, and strengthen public systems.

We engage all community actors and stakeholders to ensure sustainable change, while fostering hope and community pride. With the support of thousands of volunteers, we provide children and youth with access to safe spaces, positive relationships, social and emotional skills development, and vocational opportunities in order to build resilience, foster civic participation, and rebuild social fabric.

Everything we do is based on a deep belief in human dignity, agency, and potential.
In 2021, we continued to support communities affected by the COVID-19 pandemic. Watch this video from co-founder Diego de Sola to learn more about our ongoing response.

2021 HIGHLIGHTS

Reframing Mental Health in Latin America

We amplified our mental health work throughout the region and shared learnings, kicking off the year with our First Annual Mental Health Conference: Healing Wounds in partnership with USAID, Morgan Stanley, and UNICEF. Over 900 people registered for the event which took place over the course of two days.
**Glasswing Fellows**

We launched the *Glasswing Fellows* program which offers work and community service opportunities to young people in the Northern Triangle who are at risk of migrating. They develop leadership and management skills and are paid to work in our *Community Schools*.

**Glasswing Gala**

We raised a record-breaking $1.6M for children and youth at our Seventh Annual Benefit Gala which was hosted at Guastavino’s in New York City in September. After an immensely difficult year, over 300 people came out to show their support and heartfelt concern for the Latin American region during this time of need.

**GenNow**

We had close to 2,000 participants join our end-of-the-year Generation Now Festival on *En Casa con Glasswing*. The three-day event consisted of 27 workshops, three family shows including Family Play with Bruno Heder, and one podcast as well as virtual concerts from McKlopedia and Marithea, a virtual gallery, and a discussion with purpose-driven Influencers.
THANK YOU TO ALL OF OUR AMAZING VOLUNTEERS, DONORS, AND SUPPORTERS WHO ARE CRITICAL TO OUR WORK.
