

# Glasswing International

is an innovative non-profit organization that empowers youth and communities to address the root causes of poverty and violence through **education** and **health programs**.

We work with youth facing poverty and extreme violence in some of the most dangerous countries in the world. Many of these children, lacking a sense of safety and stability, flee their homes or face other life-threatening situations. Despite these challenges and by harnessing the power of community, we provide them with opportunities to thrive and they become part of the solution.

## Education

**254,000+**  
children benefited

## Our Approach

Glasswing's work is rooted in community engagement. Our cross-sector approach forges partnerships with international and local governments, corporations, non-profits, and civil society to strengthen and mobilize existing resources and deliver high impact, sustainable solutions.

## Health

**22,000+**  
professionals trained

## Our Work

Through education, health, and community programs, with the help of thousands of local and international volunteers, we focus on:

- Community Schools including after-school programs and extreme school makeovers
- Medical professional and first responder training
- Employment and Entrepreneurship

## Community Empowerment

**98,000+**  
volunteers mobilized

## Our Impact

Since 2007, Glasswing International has:

- **Impacted 800,000+ lives**
- Grown from three to 300 employees
- Directed more than \$30 million dollars towards programming with less than 5% going to overhead
